## PREZ RELEASE

### PREZ RELEASE

As I write this, it is the day after Easter. The weather has been great so I'm sure most of our Club member's Triumph are out of their Winter wraps.

Unfortunately, some continuing health problems have caused my 3A to remain in its Car Cocoon, yelling at me every time I walk by. Hopefully this week?

Thanks to the Club members who braved the elements to attend our April 11<sup>th</sup> meeting. Those 12 or so folks got to witness probably the shortest Club meeting ever! That left more time to share tall tales and to tip a few!

Remember, now that nice weather is here, we will be looking for folks who have traffic cones to bring them so we can block off the parking spots reserved for us. I'm guessing we could use around 20. I will have Ol' Mexico find a spot for us to store them there.

This issue has some great shots of the Tech Session held on the 20<sup>th</sup> at Jeff Johnson's in Andover.

Amazing the level of Club members mechanical skills and their willingness to utilize them to keep fellow Club Member's Triumphs on the road. A big thanks to Steve Shogren for setting up these Tech Sessions. The end of this month kicks off our very active Triumph Calendar. Check it out in this issue and plan to attend as many events as you can. Our cars like to be

exercised! On this issue I remember reading mechanical parts are not like people; they don't know how old they are. All they require is vigilant upkeep and the proper adjustments and lubrication, and all will be well. What's more, the more often old cars are driven, the better they perform, because all their bearings, seals and other mechanical components are kept well lubricated. Like the saying goes, use it or lose it.

One thing I read that cracks me up is that old British cars aren't any different than those cars that were built in America. Despite the opinion that domestic electronics built by Delco, Mopar and Motorcraft are superior and more reliable, the Lucas electrics can be just as reliable, they only require more maintenance.

I was reading the Tech Talk column in **Classic Motorsports**. It states: "Most people who think they bled their brakes three years ago aren't correctly remembering and actually did it 10 years ago. If the fluid is even a bit brown, bleed the brakes and replace all the fluid". Gives me something to check when I get the 3A uncovered. I'm pretty sure I did it 3 years ago.... maybe not. So, what brake fluid should we use in our Triumphs? Moss Motors has a great link that addresses this issue:

**Brake Fluid Tech** <http://www.mossmotoring.com/brake-fluid-tech/>

Now the age-old discussion about what gas we should use.

**Hagerty** has a nice article addressing this: <https://www.hagerty.com/articles-videos/articles/2018/08/13/choosing-the-right-fuel-for-your-classic>

There are also some interesting comments following this article. Check it out.

*Rendezvous 2017 at Sugar Lake Lodge. Grand Rapids*

There hasn't been anything written up about the upcoming Rendezvous being held in Eau Claire, WI this year so I thought I would highlight it, as it is a perfect primer to the VTR. There are many similarities. Rendezvous is 3 nights long, VTR is 4-5. Rendezvous usually has 100-120 cars in attendance and VTR runs about 155-170. There are driving events at both, some just for fun and some to learn a little history. The car show at Rendezvous is casual and usually a fund raiser for a local charity. VTR car show is competitive and for some the culmination of a nut and bolt restoration. Both end with a banquet to wrap things up and give out awards although Rendezvous' is a little more light hearted. To get there, you will have to drive out of the 7 county metro area but Rendezvous will probably never be closer. Our club usually has 3 or 4 groups driving together, leaving at different times from different parts of town. Taking the interstate will take a mere 1 hour 19 traveling only 83 miles from St Paul. If you wanted a more leisurely pace, taking WI Highway 64 east will add 50 minutes to the trip but you won't have to battle semis and SUVs for your lane. I would assume there may be a group meeting in Prescott heading south and east to enjoy some spirited driving on the twisty roads of Buffalo and Trempealeau Counties. I am sure you can find a group that you will enjoy traveling with.

One thing both events have plenty of is the opportunity to just hang out or have a meal with old friends or new ones.

Greg Thompson

## About Minnesota Triumphs Car Club

Minnesota Triumphs formed in 1981 when a group of Triumph enthusiasts met for an afternoon of fun and conversation at Fort Snelling Park.

Since then, the club has grown to more than 150 members from throughout the Midwest.

Our activities include:

- Monthly meetings
- Social gatherings
- Tech sessions
- Road rallies
- Regional and national events

We welcome all Triumph enthusiasts, whether you own a concourse-winning showpiece, are restoring a diamond in the rough or are searching for just the right addition to your garage or just appreciate the marque.

Together we can locate those hard-to-find parts and assist one another in keeping our vehicles on the road. But most of all, the club offers opportunities to explore some of the best roads in the region with others who enjoy the Triumph experience.

## Membership

Annual membership is \$25 (an additional \$1 provides your partner with voting privileges at our annual election of officers). With this membership fee, your newsletter can be seen on-line or you can pick up a hard copy at the monthly meetings.

# MEMBERSHIP NOTES

## Minnesota Triumphs Tech Session?

As you can plainly see, I have nothing to report this month. I didn't make the last club meeting due to the weather, so I do not know if any new members showed up.

I did get my car out of storage, it started and the drive home revealed no apparent problems. I am always amazed at the reliability of these cars, they seem to just keep going and going.

I will be emailing the new club roster soon which will include contact information of all new members that joined since the last edition, Oct, 2019.

Hope to see many of you in Osseo on May 11.
